Cricket Success

Report by Skyla:

Last year Daiya and I went to Kempsey for a cricket trial. I was successful and went to the next level in Coffs Harbour but did not make it past that to State level.

This year in Term 2 I received an email asking if I wanted to join the Girls Cricket Academy. I was delighted to join and be part of the academy. The first week I went to Macksville and did some training, then next it was at Wauchope. The third week at Taree was postponed. Last Sunday I went to Grafton. I am very grateful to my nan and pop who took me there in their caravan.

Our day involved lessons and warm ups in the morning, with a match in the afternoon. My team won the match and I had a great day. Our next two sessions are at South West Rocks and Kempsey.

Parliament Reports

Sir Prime Minister's Report - Nicholas

Good morning. As we wrap up the term we will be having our school photos taken, mini fair will happen and the athletics carnival will take place.

Police Officer Constable Wendy Hudson visited our school recently. She talked to Stage 3 about cyber bullying and online safety. We thank Wendy for coming to our school.

In 2 weeks time school holidays will begin. We will be back to school for Term 4 on 12th October. A reminder to Year 6 to make Term 4 the best ever.

For Year 6 the uniform shop at Camden Haven High School will be open for the next 2 weeks with a 20% off sale.

Finally I will give you another reminder to sign out of your computer instead of shutting it down. This makes it easier for the next class. Thank you .

Sport Minister speech—Deegan

During this term, Friday afternoons have been spent practising for the upcoming Athletics Carnival.

The carnival will be held next Friday, the 18th of September and will be run according to Covid 19 regulations.

Today we were active. We participated in the 800m race.

Congratulations to all who tried their best. Well done.

Minister for Health & Safety—Taylor H

Hello everyone as you can see the parliamentarian have their speeches in the newsletter because of Covid 19. We aren't allowed to have parliament because of the restrictions and there would be too many students in one space.

Also choir, stage 3 camp, dance and more events have been cancelled for now. I'm hoping that we get them back soon.

Wendy came to talk to Stage 3 about Cyber safety and online social media to make sure we are using it safely.

Parliament reports—continued

Minister of Library—Logan

Hello everyone, library books are coming back and being returned nice and quickly. Well done.

New shelving will be going into the library soon.

In term 4 we will be having a Book Parade and Book Fair.

This week's library award goes to 3/4M for putting your books back on the shelf. Well done.

Thank you.

Education Minister—Madeline

In week 9 the mini fair will be held near the Stage 3 rooms. The date for it is the 17th of September. There will be lots of fun stalls like, horror house, hair spray, water balloons, lolly land lolly hunt, sponge throw, footy pass and lots lots more. The money raised is going to the year 6 farewell and gift to the school.

Don't forget your money. It will be run in accordance with Covid regulations.

Prime Minister—Hayley

The computers have been running very smoothly. Remember next time you use your computer, log off properly please.

If your classroom has laptops please remember to plug them in after you've finished to make it easier for the next person to use them and remember to log out properly too.

Tip: when you log in put @detnsw after your name.

Minister of Environment—Hunter

The 21st October marks clean-up school day. We will be going around the school picking up all of the rubbish so we have a neat school to kick off 2021.

Did you know that whenever you leave any plastic behind, the wind current takes it toward the nearest water course and takes it to the ocean, where marine life mistake it for food? We all know what happens next! So put in in the bin and if the bin is full, find the next one.

Remember we are very close the Camden Haven River.

Let's keep our environment healthy!

Minister for Communications & Wellbeing—Ruby

There was a motion about getting more bike racks. Mr Sheridan then had a great idea to put the bikes in forwards and backwards. I have recently been making a poster to tell you how to put the bikes in the right way. Now there will be no excuse if your bike is not in the bike rack.

Online Safety

This is an extract from <https://www.esafety.gov.au/> It is a great website for information relating to all kinds of cyber/online safety .

Is your child spending too much time gaming?

There is no magic number of hours, but your child may be spending too much time playing games if their gaming starts to have negative impacts on them or your family.

Look out for signs such as:

- less interest in social activities like meeting friends or playing sport
- not doing so well at school
- tiredness, sleep disturbance, headaches or eye strain
- changes in eating patterns
- reduced personal hygiene
- obsession with particular websites or games
- anger when being asked to take a break from online activity, or appearing anxious or irritable when away from the computer
- becoming withdrawn from friends and family

In some cases, setting firm limits as a family may be enough to help address too much gaming. But there may also be underlying problems like depression and anxiety that are linked to problematic internet use.

Refer to the esafety website to access the guide to managing time online for parents and carers it can help you get things under control.

Register Today To Play Cricket
